

Lambda Alpha International Meeting
at the Pacific Club
Summary of Apr. 17, 2006
prepared by Joe DeCarlo, Scribe

Steve Ernst, Department Chief of Alcoholic and Beverage Control talked the role of the ABC in real estate planning. With more mixed use developments on the horizon how will serving of alcoholic fit into housing on top of rental and restaurants. The ABC will not approve a beverage license unless the City approves the CUP. It is therefore important that you get the ABC involved early in the planning stage for project. You can view the highlight of the PowerPoint presentation at LAI-OC Chapter website www.lai-oc.org.
